FREDERICK THOMAS UEZZELL

A native of Philadelphia and an architect of wide experience and ability. Mr. Uezzell practiced in his home city for many years before coming to Florida. Since making this state his home he has been identified with important projects in Tampa and Fort Myers, and is upholding his enviable reputation by his work in his present position.

**Carrying On With the American Legion**

A community playground will be made by the Legion at Nashville, Tenn., the ex-soldiers bearing the expense of apparatus and upkeep.

In Korea, American ex-soldiers, most of them missionaries under the leadership of a Southern Presbyterian mission, have formed a post of the Legion.

During the war it cost Uncle Sam \$300 to clothe each of his soldiers. The present doughboy is garbed in clothing costing but \$189, the War department states.

The only woman field clerk in the army is Miss Jean Hodson of San Francisco, Cal., secretary to Major General Morton. She holds the rank of sergeant major.

The Legion in both North and South will henceforth observe the birthdays of Generals Lee and Grant, rival leaders of the Civil war. The birthday of General Grant was observed on April 27 this year and that of Lee will be observed January 19, 1923.

If the British retire Lloyd George, they will go back on the bravest statesman they ever had.

**The Hope of Eternity.**

Transiency is stamped on all our possessions, occupations and delights. We have the hunger for eternity in our souls, the thought of eternity in our hearts, the destination for eternity written on our inmost being, and the need to ally ourselves with eternity proclaimed by the most short-lived trifles of time. Either these things will be the blessing or the curse of our lives. Which do you mean that they shall be for you?—Alexander MacLaren.

**The World-Wise Vicar.**

A cantankerous person told the vicar whom he had come to see on some local matter that he was an atheist. "But surely," said the vicar, "you consider the Ten Commandments, broadly speaking, to be an excellent rule of life?" "No. I do not," replied the man almost savagely. The vicar rang his bell. "John," said he to his servant, "show this man to the door and keep your eye on him until he is beyond the reach of my hat and coat in the hall."—London Post.

**GOOD YEAR**

**BELTING — HOSE — PACKING — VALVES**

In announcing Goodyear Mechanical Rubber Goods as a part of the MacKay plan of service, we have obtained the products of a manufacturer, noted for excellence of craftsmanship and better wearing qualities.

Goodyear has striven for the past decade, by every known means, to manufacture a product which in point of character can not be excelled. That, this policy has been a success, is attested by the many satisfied users of Goodyear Mechanical Goods.

The Goodyear Technical Man (G T M), whose analytical work in the application of Belting, Hose and Packing, has been commended by so many plant managers is available through this institution. Write us and his services will be placed at your disposal.

For most economical plant operation, we suggest Goodyear Mechanical Goods.
